At the Cambridge Cosmetic Center, we provide a wide range of services that help you look and feel your best. We know that each person is different, so we work with you to create personalized treatments that deliver the best possible results. The Center's approach to patient care is to provide exceptional cosmetic services which are convenient and confidential. Because many people want enhancement without having surgery we also offer minimally invasive procedures and take extra care to minimize discomfort.

Our staff of experts – from the fields of Dermatology, Otolaryngology, Plastic Surgery, and Vascular Surgery – use advanced cosmetic techniques and the latest procedures. Their knowledge will help you make an informed decision, and their skills will allow us to meet your expectations.

We have two convenient locations. The Cambridge Hospital, just 1 mile from Harvard Square, and Whidden Hospital, just minutes off Route 16. We look forward to seeing you at our beautiful facilities.

Cosmetic procedures are typically not covered by health insurance. For your convenience we accept payment by American Express, MasterCard, Visa, and personal checks.

Some of the services we provide are:

Medical Glycolic Peels

Botox

Plastic and Cosmetic Surgery Consults

Varicose and Spider Vein Treatments

Facial fillers including Radiesse and Restylane
