

## **Gather Here: Additional design details for mask-making**

### The Gather Here design gives:

- 12 masks per yard if cotton is 40" wide
- 18 masks per yard if cotton is 60" wide
- 78" (or 2 yards) of cotton tape or ribbon for each tied mask (4 pieces at 18" each)
- 20" of elastic for each mask using elastic

### Alternatives for elastic:

The pattern calls for elastic, however we understand elastic is difficult to find. As we work on securing some elastic to share, there are alternatives you can use such as cloth tape, bias tape or washable ribbon. The image below is an example of a mask with cloth tape.
