Violence...do you recognize it when it occurs? Do you intervene, freeze or flee? Do you know the many different ways it impacts individuals, families & communities? Are you aware of the resources available in your community or how to restore dignity and a feeling of safety after experiencing an act of violence?

Through conversations with experts in the field of trauma recovery, with social activists, teachers, first responders, artists and civic leaders Peace by Piece will inform, support and inspire.

Wednesdays 5:30 pm & Fridays 11:30 am Channel 3
